

PE Spending plan 2017-2018

The school has received a total of £20,480 in this academic year split over two payments in November 2017 and June 2018.

Increasing participation in sports and PE clubs

Our school already offers a range of school clubs accessed by children from Key Stages 1 and 2. Out of the school clubs, 7 offer some form of physical education including hockey, skipping and football.

Providing opportunities for children to compete.

We will continue our existing competitions such as the Borough Swimming Gala, cross country and football and in partnership with other primary schools within our cluster and local authority. We will arrange tournaments and fixtures between the primary schools, whilst offering exit routes for our more gifted children allowing them to compete against other children at a higher level. We feel it is important that children who are more able in sport are given the chance to participate against others of similar ability and potential.

Children have represented Christ Church in numerous sporting events this year. There has been continued success in hockey which reflects the time and commitment spent by staff and external coaches. CCP won the Borough Trials for the third year running and represented Kingston at the London Youth Games.

One of the key strands of the sports funding is to enhance the skills of our school staff so that the quality of PE and sport that is delivered will be enhanced. Qualified sports coaches will work alongside staff to deliver lessons and support planning and delivery of PE. Working in this way will develop teacher confidence and expertise and the school will benefit from high quality planning resource materials to build on the successes of previous years.

The money received for the academic year 2017 -2018 has been spent as follows:

- Kingston sport partnership membership £1086
- Attendance at London Youth Games £110
